Wayne County
Farm Bureau
Farm. Family. Food.

AUGUST 20

5:00 P.M. - 7:00 P.M.

RAIN OR SHINE | RIBEYE DINNER

FRED BLESSING FARM

COUNTY ROAD 1220 N | FAIRFIELD, IL

RSVP BY:

**THURSDAY,
AUGUST 13**

RSVP by calling (618) 842-3342
or online at waynecfb.com/nlid

The 2026 Nutrient Loss Inhibitor Demonstration (NLID) Plot focus is to improve Nutrient Use Efficiency (NUE) through different rates of split applications of nitrogen with stabilizers and micronutrients, while also measuring the yield response of concentrated humic acid.

Farmers and agronomists are invited to learn the latest field research from our multi-year NLID project at the Fred Blessing Farm. The Field Day will feature a Ribeye Dinner with homemade ice cream. CCA's will receive CEU's for attending. Full details can be found at waynecfb.com/nlid.

FEATURED PRESENTERS

Michael Clark
